Experience

Senior Web Designer • Tire Rack • South Bend, IN
(September '12 to Present)

- Mentored and trained junior designers to improve team capability and overall design consistency.
- Participated in the hiring process by interviewing and evaluating design candidates.
- Directed the end-to-end design and implementation of key e-commerce features, including product tiles, tire decision guide, comparison drawer, shopping cart, and checkout flow.
- Facilitated cross-functional strategy meetings to identify user needs and translate insights into feature enhancements.
- Led the redesign and execution of retail email campaigns, aligning visual and messaging strategies with brand objectives.
- Oversaw the design of off-site digital advertising to drive user acquisition and brand awareness.
- Designed and implemented on-site promotional content, including financing offers, incentives, and limited-time deals, to increase conversions.
- Spearheaded team professional development initiatives, fostering continuous learning and growth among design staff.

Freelance Graphic Designer • Chicago, IL
(December '10 to September '12)

- Worked on a wide variety of projects from album covers to magazine articles.
- Created entire brand identities for diverse clients.
