Experience

Senior UI/UX Web Designer & Front-End Developer

Tire Rack • South Bend, IN • (September '12 to Present)

- Mentor junior designers and evaluate candidates, strengthening team capability, design craft, and consistency.
- Own end-to-end design and front-end delivery for product discovery, comparison, cart, and checkout workflows.
- Designed B2B dealership tools for visual selling, quote creation, inventory management, and automated replenishment.
- Simplify complex vehicle fitment, pricing, availability, and inventory rules into clear, trustworthy experiences.
- Help drive and coordinate UX research objectives, connecting customer insights to product strategy and design decisions.
- Lead cross-functional strategy sessions, aligning UX, development, and business stakeholders around practical product improvements.
- Designed retail email, digital advertising, and on-site promotions aligned with brand and conversion goals.
- Lead critiques, professional development, and knowledge sharing to raise design quality across the team.

Freelance Graphic Designer

Chicago, IL • (December '10 to September '12)

- Worked on a wide variety of projects from album covers to magazine articles.
- Created entire brand identities for diverse clients.
